

Take a break at Ellis Lakeside Campground

Exit 145 - 300 East 8th St.

Ellis is a friendly community of 2000 people, located on Interstate 70, about halfway between Kansas City and Denver. The campground is only eight short blocks from Exit 145.

Nestled along the tree-shaded banks of Ellis City Lake on Big Creek, the campground provides travelers a convenient place to spend a quiet restful night. In addition to free Wi-Fi, picnic tables, fire pits and playground, the campground offers hot showers, water and electric hook-ups, common dump station, boat dock and fishing pier. A storm shelter is available nearby in the basement of Christ Lutheran Church.

Several shopping opportunities (restaurants and grocery) are mere blocks away. Also within easy reach are three beautiful city parks, three unique museums, miniature train ride, municipal swimming pool, public golf course, tennis courts, Frisbee golf course, and horseshoe pits. Ellis' peaceful streets provide an excellent venue for a leisurely evening of cycling or strolling.

The weekend campers are invited to worship at one of the local churches. Ellis also has an EMT ambulance and the police department provides 24-hour patrol service.
